Mission of your Organization (from your group's constitution)

As a philanthropic organization, we wish to help others through the art of crafts, tailoring each project to the needs of the community. We are an organization that will personally construct products for enriching the establishments we will be providing voluntary service to, for sharing with students, and for raising funds. We hope that by donating our handcrafted gifts, we can help serve as a reminder to people to remain hopeful and optimistic. We value responsibility for our community, compassion for those in need, and a dedication to what we do. We support all organizations and their core values as we believe all causes are important to serve. For this reason, we will donate to a different establishment every month and adjust our craft to the needs of those involved. We will respect other Rutgers clubs and their mission and provide support when the opportunity arises. This organization will also serve the Rutgers University community by instilling values of selflessness and compassion. Our members will devote themselves weekly to the construction of crafts, toys, and respective projects to be donated monthly to various organizations and establishments in need. We intend to donate to a range of various different organizations, providing the opportunity for Rutgers students to participate in an array of diverse causes. Craft-making provides a positive experience for patients receiving them, along with the students who are dedicating their time to help their community. Students will

also have the opportunity to work as a team to learn about constructing different types of crafts while also making a difference in another person's life. While we are not part of a larger organization, we do hope to inspire others to partake in our mission to help others and build our team."
